

Attend The Annual Irma Legion Sports Day On June 14

Wainwright MD Council Holds Meeting

The council of the municipal district of Wainwright No. 61, met in council room of the municipal district on Wednesday, May 10, 1950, instead of Thursday, May 11, to accommodate the district engineer who was in attendance to allocate provincial government grants for 1950.

Councillors Dallyn Castle, Sutherland, Belanger, Smale, Arthur and Archibald present.

Reeve Sutherland in the chair. Arthur—That the minutes of April 3, 1950, be accepted as written. Cd.

Smale—That the accounts as recommended by the finance committee be passed and paid. Cd. Sutherland—That the statement of receipts and expenditures for the month ending April 30, 1950, be accepted and incorporated in the minutes. Cd.

Archibald—That the secretary be given leave of absence to attend the Alberta Association of Municipal Districts Secretary-Treasurers' refresher course and annual meeting being held on May 25-27, and that his expenses be paid. Cd.

Archibald—That the report of the secretary of his interview with a delegation from the Farmers' Union of Alberta, that the following would appear in the same envelope as the 1950 tax notices: "If you are a member or wish to become a member of the Farmers' Union of Alberta, your yearly dues of \$2.50 per member may be remitted with your yearly taxes or paid to the municipal secretary prior to that time if convenient." be accepted. If a reasonable increase in the dues is reasonable, it is evident the council will consider this service beneficial. Cd.

Castle—That the cancellations as presented be approved. Cd. The reeve advised the council that the appointment of Chas. Wilbraham as assessor for the municipal district for 1950 has been approved by the department of municipal affairs.

Relief Grants and Health Sutherland—That Mr. Castle be a committee reference to a Public Health Nuisance SW 26-44-4-4 as advised by the Medical Officer of Health, and report at June meeting. Cd.

Archibald—That the Secretary write S. A. Ink of Irma that he remove the garbage, etc., dumped by him on Municipal Roads and deposit same in the recognized Irma Nuisance Ground, as this is contrary to the M.D.'s Act and Public Health regulations. Cd. The Reeve reported on the interview with Dr. A. R. H. Oakley, M.H.O., as to duties and requirements for communicable diseases.

Bylaw No. 284 authorizing payment of certain grants for 1950 presented. It was moved and carried that bylaw No. 284 pass its first, second and third reading.

Archibald—That the Secretary write S. A. Ink of Irma that he remove the garbage, etc., dumped by him on Municipal Roads and deposit same in the recognized Irma Nuisance Ground, as this is contrary to the M.D.'s Act and Public Health regulations. ATA Interested In New Book Club

The attendance at the May 8 Home and School meeting was small due to field work having begun.

A letter was read regarding Vacation Reading Clubs for grades 4, 5 and 6. Books can be obtained from various sources and it is hoped an interest can be aroused in good books to take the place of some comic books. At the end of the vacation, certificates will be issued to those who have read a set amount of approved reading.

Book Committee: Mrs. Geo. Fischer, Mrs. Darks and Mrs. Chase. Mrs. Smallwood gave a very full and instructive report of her visit to the Olds Conference.

The next meeting will be a Social evening Monday, June 12.

Northern Nuggets

Mrs. Charlie Archibald is in Edmonton attending the Cancer School this week. She is the delegate from the Buffalo Coulee W.I.

Mr. and Mrs. G. W. Hardy of Minburn visited in the Albert district last Friday.

The Buffalo Coulee W.I. are sponsoring their annual picnic on Friday, July 7. Everyone keep this date in mind and plan to attend as a good time is assured for all.

Last Thursday Mrs. Wm. Matthews entertained at a shower in honor of Mrs. James Tulley. After a period of entertaining contests, the bride was presented with an array of useful and pretty gifts. Mrs. Tulley ably expressed her thanks and then a lovely lunch was served. The entire district wishes this couple every success.

Farmers to Meet On June 6

A Farmer's meeting will be held at Glenholm School on Tuesday evening, June 6 at 8:30 p.m. Luncheon will be served. Everybody welcome.

M.D. OF WAINWRIGHT No. 61

Notice is hereby given that under the Provisions of the Tax Recovery Act, the following lands will be offered for sale by Public Auction at the office of the M.D. of Wainwright No. 61, Wainwright, Alberta, on Thursday, the 8th day of June, 1950, at 2 o'clock in the afternoon.

Red Cross Aiding Flood Victims

"WINNIPEG—Another type of flood flows steadily into Red Cross Headquarters in the embattled City of Winnipeg—a flood of inquiries from all parts of the country as anxious citizens seek news of their relatives and friends. More than ten thousand such calls have been handled up to May 15 by Red Cross volunteers working with a battery of more than fifty extra telephones set up for this purpose. Four thousand Red Cross workers in the city help distribute the food, clothing and equipment pouring in from coast to coast. They help provide food, shelter, clothing and other assistance for the fifty thousand dike workers, distribute to them the thousands of cigarettes flown in, stuff the canisters and row out food and hot drinks to the workers on the dikes.

In the Red Cross giant Relief Headquarters, established in the Civic Auditorium, they register evacuees; the weary mothers and children; the homeless; the sick and those too old to work on the dikes. They find a bed on the crowded floors that men, cook hot meals, comfort the lost and bewildered and distribute clothing.

Red Cross directs the evacuation of patients from Hospitals, of the sick and injured from private homes, of pregnant women, and it arranges for transportation to selected areas outside the flood for those unable to pay for their own.

The loads of hip waders, work clothes, heavy socks and other clothing and equipment that stream into the city from every direction as Red Cross branches across the country respond to the appeal, melt like snow in the sun, as they are dispatched to the front line battle of the dikes.

Red Cross officials, not only from Manitoba, but from other provinces, form an integral part of the committees directing the disaster work. Doctor W. S. Stanbury, national commissioner of Canadian Red Cross and Colin Herrie, American Red Cross national disaster expert, flew into Winnipeg in early days of the flood to assist in the direction of Red Cross disaster aid."

Glen-Coa Gleanings

Congratulations to Mr. and Mrs. Merle Knudson on their new Meator.

We hear that Mr. and Mrs. Len Peterson of Stettler, formerly of Irma district, are the proud parents of a baby daughter, Sandra Arlene, a sister for little Terry.

Curtis Satre and Lawrence Likness have finished their year of study at Saskatoon and are home at the present time.

Mr. and Mrs. M. Reitan drove the following ladies to a W.M.P. rally last Saturday at Trondhjem church near Round Hill: Mrs. J. Halvorsen, Mrs. P. Spring, Mrs. N. Fluevog and Mrs. O. Likness.

What is appreciated more than the gentle rain showers we have been having of late?

Mr. and Mrs. L. Fuder are here from Edmonton for a while, the former being busy getting his crop in.

Benefit Dance On May 27

The Rhythm Makers are holding a benefit dance in Kiefer's hall on Saturday, May 27 from 9 to 12 p.m. This benefit dance is in aid of the Winnipeg Flood Relief. Your support is requested.

W.I. MEETING

The next meeting of the Irma W.I. will be held Thursday evening, June 1, at the home of Mrs. Hager. Hostesses, Mrs. Scott and Mrs. Glasgow. Raffle, Mrs. Stockton. Roll Call, "Where I Would Like to Spend My Holidays." Guest speaker, Mrs. Chas. Brickman.

Irma Municipal Hospital Board Meet on Monday, May 22

Minutes of the Board Meeting of the Irma Municipal Hospital District No. 55, held in the Village Office, Irma, on May 22, at 8 p.m.

Board members present: Messrs. F. M. Hill, A. C. Archibald, W. N. Frickleton, Mr. Hill in the Chair. Mr. A. C. Archibald subscribed to the Oath of Office.

Hill—that minutes of previous meeting be adopted as written. Correspondence—Dept. of Public Health: re approval of Mr. T. E. Yarr as Auditor for 1950.

Re approval and confirmation of Estimates for 1950 as submitted to the Board of Public Commissioners.

Archibald—that Secretary and Chairman be and are hereby authorized to sign extension of the present contract for hospitalization of ratepayers between the Irma Board and the Board of the Wainwright Municipal Hospital District No. 17 for 1950.

Frickleton—that the words "Assessed in respect of property" which appears in Section 2, Sub Section a. of the Irma Municipal Hospital Scheme be struck out and copy of resolution forwarded to Minister.

Amendments to the Municipal Hospitals Act as received from department of Health read and discussed. Secretary instructed to write for further clarification of certain portions thereof.

Frickleton—that the payment of the following accounts be approved.

U. of A. hospital \$143.50
U. of A. hospital 203.00
Financial Statement for month of April: Receipts \$1355.29. Payments \$203.00. Bank Balance \$2608.19.
Hill—that Statement be accepted as presented.

Archibald—that following Accounts be passed for payment.

A. C. Charter \$75.00
Village of Irma 2.00
Viking MHD 18.50
Irma Times 2.70
Wainwright MFD 660.25
Albert Glasgow 10.50
Wm. Masson 77.00
U. of A. hospital 122.50

Archibald—adjourn.

Easterly Echoes

Mr. and Mrs. Stuart Fenton, Carl and Barbara attended the Lloydminster Sale of Purebred cattle.

Mrs. Clarke Steele is attending the "Blueprint for Action" Cancer School at the University in Edmonton this week.

Mr. and Mrs. James Fenton of Wainwright spent a few days at the home of Mr. and Mrs. S. Fenton.

Mrs. K. Stougaard will welcome the Battle River W.I. members and friends at her home for their regular meeting on June 1 at 2:30. The roll call will be answered by naming "Most Useful Article in My Kitchen" Program, Mrs. Pascha, draw, Mrs. King and hostesses, Mrs. Pascha and Mrs. Paterson.

Southern Sayings

Miss Susie Terry and Iris Cressay of Hardisty, Alta., were weekend visitors at Mr. and Mrs. Martin Cressay's.

Mr. and Mrs. Foulk and son, Mr. and Mrs. Dyke and Miss Muriel Fell, all of Edmonton, were Sunday visitors at the home of Mr. and Mrs. Fred Hill.

Mr. and Mrs. J. Jackson and family were Hardisty visitors last Sunday at the Hearn home and report Jim feeling fine and looking real good.

A lovely crowd attended church at the Plains Sunday. Come on folks, let's see you all turn out to church on June 4.

At the Churches

UNITED CHURCH

Sunday, May 28
Paschendale—11:15 a.m.
Roseberry—3 p.m.
Irma—Sunday School 11 a.m.

May 28 to June 3
Sunday
10:45 a.m.—Sunday School and Adult Bible Class.
11:45—Morning Worship Service.
Tuesday
8 p.m.—Bible Study and prayer service.
"For what shall it profit a man, if he shall gain the world, and lose his own soul?" Mark 8:36.
"The path of the world seems pleasant enough if you don't stop to think where you're going."
—Brooks.

You are cordially invited to every service.—Rev. R. E. Oswald

ST. MARY'S CHURCH NOTES
Service of Evensong will be held in St. Mary's Church on Sunday, May 28 at 2:30 p.m.

APOLOGY

We would like to apologize to those taking part in the Mother's Day program at the United Church Sunday School. A sheet of copy must have been lost somewhere along the way. The following items were omitted:

A piano and violin duet played very beautifully by Elvina Sonoff and Mr. O. Nissen and a dramatization of Timothy's Call as a Preacher. Those who took part in this were Alice Enger, Elvina Sonoff and Gordon Inrlis, with Scripture readings by Walter Enger. Mrs. Chase was director while young Hugh Inglis was the artist who painted the fine Eastern mural used as a back drop.

FUA Membership Growing Each Year

An average 150 farmers per day since March 1 are becoming members of the Farmers' Union of Alberta, Carl J. Stimpfle, President, stated today. Mr. Stimpfle stated that the drive for new members throughout the Province had been most gratifying and that at present the membership total in the FUA is more than 2,000 above the figure for the same date last year.

The drive, conducted by officials of the 900 Locals, is being intensified now to assure fullest possible representation of delegates at the District conventions scheduled for June and July, throughout the Province. Mr. Stimpfle pointed out that representation is determined by the number of members in each Local and that many Locals are taking advantage of this situation to have fullest possible representation of delegates at the conventions.

First convention is scheduled for Hanna for June 14, with delegates from District 11 attending. Other conventions scheduled are as follows: Olds for District 10, June 23; Stony Plain, District 5, June 24; Ponoka, district 9, June 26; Wainwright, district 7, July 4; Camrose, district 8, July 5; St. Paul, district 4, July 7; Vegreville, district 6, July 15; Athabasca, district 3, August 5; Brooks, district 13, June 17.

Convention dates have not yet been specified for Districts 1, 2, 12, 14 and the B.C. Block.

Mr. Stimpfle, FUA President, and Mrs. R. B. Gunn, FWUA President, are making plans to attend every district convention.

Gopher Time On the Prairie

It has been estimated that gophers cost prairie farmers about \$125 per farm per year on the average. In Saskatchewan alone this would set the yearly damage at approximately \$15,000,000.

They can be controlled by poisoning, as every farmer knows. And poisoning is more effective when done early in the spring. Time and trouble of poisoning will pay big dividends. Don't leave them all for the kids with their water clubs, traps, snares and rifles.—Ex.

Seeding Forage Crops

Today, with forage crop seed prices at unusually high levels, care in seeding grass and legume crops is of the greatest importance. Mr. J. E. Birdsall, Supervisor, Crop Improvement Service, Alberta Department of Agriculture, has recently listed a few important rules which, if followed, will avoid failure in securing satisfactory stands of forage crops. These are as follows:

Seed Quality. Use only high quality "graded" seed of proved germination. The seed you sow should be pure as to variety and free from objectionable weed seeds. If at all possible purchase Registered and Certified seed. If seed of this quality is not available use good "Graded No. 1 Commercial" seed. Don't buy "ungraded" seed.

Soil Conditions Important. Moist soil is essential. If the soil is dry do not sow your grass and legume seeds. According to Mr. Birdsall, attempting to reach moisture through "deep seeding" or "taking a chance on rain occurring within a few days" are good ways of wasting expensive forage crop seed.

A very firm seed bed is absolutely essential for good germination of forage crop seeds, and no factor is more important than shallow seeding. Legume and small grass seeds should not be seeded more than one-half inch deep and larger grass seeds, such as Brome, not more than one inch deep.

Nurse Crops. In dry areas a nurse (companion) crop should not be seeded with forage crops. Where soil moisture conditions are favorable a nurse crop may be used providing it is chosen with care and seeded at a light rate. An early maturing variety of barley such as Olli, seeded at not more than one bushel per acre, will prove highly satisfactory for this purpose.

Seed Inoculation. All legume seed should be inoculated. Present day seed inoculants are cheap and easy to apply. However, be sure and buy an inoculant that has been prepared for use in 1950. Check the date on the container.

For further information on seeding forage crops see your Agricultural Representative, or write to your Field Crops Branch, Department of Agriculture, Winnipeg, Regina or Edmonton.

June Farm Survey

'What's on our farms? That's what the Dominion Bureau of Statistics would like to know. It's something that you are interested in too. Towards the end of May questionnaires will be distributed and farmers across Canada will be responding as usual with their rapid completion and return of the forms.

Answers to the questions asked will provide the basis for estimates of field crop acreages and the numbers of livestock and poultry at present in Canada. Summarized by the Bureau, this information is used by governments, farm organizations and industry to plan for the future. The world Food and Agriculture Organization also depends on these figures for up-to-date knowledge of Canada's agricultural industry.

When you return your form it will be seen only by workers in the Dominion and Provincial agricultural statistical offices. All individual forms are kept strictly confidential.

Home Economist Newsnotes

You may have your spring house-cleaning well completed or you may still be busy. If you are repainting, remember paints are inflammable. Never leave a tin of paint on a stove or near an open flame. Serious damage to your home can result and we always worry about the danger of loss of life.

Be very careful also of solvents. If you do your own dry cleaning take it outside and keep away from fire, matches, etc.

Be sure you carefully wash all your winter woollens, wrap and store. It is usually advisable to use some type of moth preventative in storage. If clothing is clean when stored the danger of damage from moths is minimized.

Generally we have our winter clothes away earlier but these sharp winds keep reminding us that it isn't quite summer yet.

Clean as much mud and dirt off snow boots, overshoes, etc., and let them air well. Store them in a box if you can.

Beware of boxes and chairs and tables, etc., for reaching high cupboards. It is better to invest in a sturdy step ladder now than in a hospital bill after an accident occurs.

Look over the attic, basement, garage, etc. Have you stored up old books, papers, magazines, and clothes which you will never use? There is always a danger of fire starting in such places, so if there are things which are no use to you—see if someone else can use them and if they are beyond use burn them now. They may prove a menace to your happy home.

—Sheila M. Forrest, D.H.E.

Is This All There Is to It?

This Sikh lad in his raw wool cap was one of hundreds of boys at a school in Patiala, India, who reported for BCG inoculation against tuberculosis. Norwegian nurse Rachel Johnson is administering the inoculation, one of some 220,000 given during a BCG demonstration campaign in India, sponsored jointly by the United Nations International Children's Emergency Fund (UNICEF), the U.N. World Health Organization (WHO), the Scandinavian Relief Societies and the Government of India.

NOTICE

IN THE MATTER of the Gas Resources Preservation Act, being chapter 2, Statutes of Alberta 1949 (Second Session), as amended, and IN THE MATTER of the application of Western Pipe Lines. TAKE NOTICE that an application will be made, on behalf of Western Pipe Lines, to the Petroleum and Natural Gas Conservation Board, for a permit to remove gas or cause it to be removed from the Province of Alberta, for use or consumption elsewhere than within the said Province, under the provisions of The Gas Resources Preservation Act, being Chapter 2, of the Statutes of Alberta, 1949 (Second Session), as amended.

AND FURTHER TAKE NOTICE that the said Board has fixed the hearing of the application for the hour of 9:30 o'clock in the forenoon on the 19th day of June, A.D. 1950, at the Court House in the City of Calgary, in the Province of Alberta.

DATED at the City of Edmonton, in the Province of Alberta this 3rd day of May, A.D. 1950.

Auction Sales

By J. L. Muirhead, Auctioneer

Sedgewick — Lic. No. 90

FARM SALE FOR

D. G. HARRIS AND SON

9 miles north of Killam on gravel highway on Wednesday, June 7 at 11 a.m. 15 miles south-west of Viking.

Machinery includes a John Deere D tractor on rubber, PTO lights, starts, starter, etc.; 6 ft. McDeering Combine, complete with pick-up; 8 ft. IHC Tiller with seeding attachment; 4 bottom 14 in. IHC Plow, good as new; 1949 John Deere 11½ ft. Spring Tooth Cultivator on rubber with two sets shovels; 10 ft. John Deere Power Binder, hydraulic haystacker; 5 sections Diamond Harrows, gears, sleighs, mower, rake, 28 run MH Single Disc Drill, Fertilizer attachment for 28 run Drill, 1949 MH Manure Spreader, wagon boxes, etc., blacksmith tools, hydraulic Hay Stackers, like new, 1950 ½ ton Ford Truck, only gone 600 miles; a real two wheel trailer.

Furniture includes 2 bedroom suites (Chesterfield and two chairs); Dining Room Suite; Easy gas power washing machine; Radios, etc.

70 Head Cattle including 9 first class milk cows, 7 just fresh and 2 to freshen in August, 6 spring calves, 10 yearlings—steers and heifers, 23 cows with calves at foot, a lot of good cattle here.

Sow with eleven 6-week old pigs, good saddle pony, saddle, etc.

This is one of the best Farm Sales that has been my privilege to list. Remember the date and plan to attend.

June 15, Loughheed, Hardisty, Sedgewick and Killam Calf Club Sale, to be held in Hardisty.

Short Course For Locker Employees

Employees of the frozen food locker plants will have an opportunity of attending a two week short course at the University of Alberta from June 12 to 24, 1950. This course is being offered jointly by the faculty of Agriculture of the University and the Alberta Department of Agriculture. There will be no fee attached to the course but registration will be limited to Alberta residents with three months experience in a frozen food locker plant, or those recommended by an Alberta operator or permit holder.

The course of study will include lectures and laboratory periods dealing with the judging, slaughtering, cutting and freezing of farm livestock, poultry and wild game; the preparation and freezing of fruit and vegetables; packaging and wrapping; refrigeration; ice cream making (for those interested); sanitation, public health and veterinary problems and control.

Those wishing to apply should forward their application to the University of Alberta, Dept. of Dairying, not later than May 31.

Oil Or Butter?

Since the manufacture and sale of margarine was allowed in Canada consumption of that product has risen by leaps and bounds. Made mostly from cottonseed oil imported from the United States, margarine manufacturers have been pushing its sale through extensive advertising.

The following table, showing production of butter and margarine in Canada for the first quarter of this year and last, shows how margarine production is gaining on butter:

	First Quarter 1950	1949
Butter, lbs.	30,806,000	30,401,000
Margarine, lbs.	27,661,000	11,733,000

The above figures show a somewhat alarming situation. The Canadian dairy industry brought cash returns of \$350 million to Canadian farmers last year. Butter making takes about half of the total milk production. Dairying is a branch of agriculture which tends to maintain the fertility of farm land. If Canadian farmers are forced to go out of dairying through the invasion of margarine, where is Canada's milk supply to come from?—Ex.

Outstanding Agricultural Event To be Held in Viking May 29

One of the outstanding agricultural events in the Viking district, namely the Viking Calf Club Fair and Sale, to be held next Monday, May 29 at the Fair Grounds at Viking.

The Viking Calf Club will again exhibit choice fed baby beef, as the club has done for the past five years. The home club will be host to the Holden Beef Calf Club whose members will bring their calves to Viking where the two clubs will contest for the championship class followed by a sale.

The starting time of the Viking Calf Club Show is 1 p.m. and the sale will commence at 3 p.m. A total of thirty fat calves will be sold. In the evening a banquet will be held for the benefit of all present at this event that day. Town and country residents are encouraged to pick up their tickets to the banquet in advance from any of the Calf Club members. Tickets

for the banquet will also be sold the day of the Fair and Sale. Banquet starts at 6:30 p.m.

The Viking district is noted for its suitability for Beef Cattle. Many farmers in this district will contend that beef cattle are their largest source of income in their farming enterprise. The members of these Beef Calf Clubs will be trying to exemplify the quality of cattle raised in this district and if properly fed the net results of type, sale value, etc. Their Fair should enhance an appreciation in the minds of all residents the position of beef cattle on the farm. Country and town residents are therefore urged to attend this Calf Club Fair and Sale on Monday, May 29 and give support and encouragement to these young farmers who will be trying hard to satisfy all present with their showings.

"What you need are ditches!"

Why run an obstacle course every spring and after every rain storm? Through a Farm Improvement Loan from the B of M you can finance the making of ditches, drainage systems, dyking, as well as many other farm improvements.

If you need ready cash to do the job, a Farm Improvement Loan may be the answer. Drop in and talk over the details with our nearest B of M manager.

Remember, if your proposition is sound, there's money for you at the Bank of Montreal.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

To Check Accidents . . . DOUBLE CHECK YOUR CAR

Improved Maintenance habits can reduce accidents and fatalities in Alberta. Driving a "safe" car is as important to the life of a driver and his family as "safe driving habits."

Every car and truck owner is urged to recognise his obligation to drive a safe vehicle by having his garage "DOUBLE CHECK" all safety features: Brakes, lights, tires, tubes, steering mechanism, windshield wipers and wheels.

Drive A Safe Car in 1950

MARKETING SERVICE, DEPARTMENT OF AGRICULTURE, OTTAWA

"...AND THAT'S HOW

we built the school"

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager.

"George," I said, "I'll need some help to handle a job this size."

We went over the whole thing, discussed how much I would need. When I landed the contract he gave me a line of credit and I was able to go right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short-term credit—so that payrolls can be met, material bought, goods produced and marketed.

SPONSORED BY YOUR BANK

EMBRYO ANNOUNCER—Bobby Taylor, thirteen-year-old Vancouver radio and film actor, singer, pianist and saxophonist, has long cherished an ambition to be a radio announcer. And because he feels that an announcer should also be capable of taking over the controls, he often works in a little engineering practice in the control rooms at the CBC's Vancouver studios between rehearsals for drama broadcasts. Here he is in front of the turn-tables, complete with earphones, learning how to start a record "on cue." Bobby is starring in a film mon child delinquency soon to be released by the National Film Board.

Viking District Farmer Killed By Train At Railway Crossing Second Fatality in Less Than Eighteen Months

Steve Rutar, 40 year old farmer, seven miles west of Viking, on Highway No. 14, was instantly killed when his car was hit by a trans-continental train No. 4, east-bound to Toronto, Saturday, May 20, just before midnight. The accident occurred at the private crossing just east of the CNR station. The car was entirely demolished.

Mr. Rutar was the lone occupant of the car and was on his way home. He is survived by his widow and three children who reside in Edmonton.

Cpl. M. Hobbs of the RCMP investigated the crash and a preliminary inquest was held. Engineer of the train involved was W. M. Smith, and the fireman was H. E. Merrick, both of Edmonton. Conductor of the train was P. W. Mount.

Funeral services will be held today (Wednesday), from St. Mary's church, Viking, at 10:30 a.m.

Three persons were killed a year ago last November at the same crossing and at about the same time, at midnight.

It's Happening Here

In many places in Alberta this spring the danger signs are again showing in our fields. Rills on the bare summerfallow indicate a lack of fibre, and in many cases lack of suitable cultivation practice. Excessive speed and overworking of summerfallow land tends to pulverize the soil leaving it open to the damaging effects of water erosion. Water cannot be absorbed readily by soil that lacks fibre. When the fibre goes the soil puddles and bakes and excessive run-off occurs.

Neglect of good farming practice also stores up trouble in the form of soil drifting. Signs of this are certainly not lacking this spring. Following a recent survey through the Edmonton, Vermilion, St. Paul and Smoky Lake areas, J. R. Sterling, Supervisor of Soil Conservation, reports that soil drifting is everywhere apparent. Ditches filled with fine silt, and top soil removed from the high spots, provide striking evidence of the need for immediate action if this soil erosion menace is to be checked.

Many farmers are doing good work, says Mr. Sterling, but unfortunately too many appear to be closing their eyes to the danger signals. In central and northern Alberta particularly the straight grain-fallow rotation must go. Legumes and grasses must be introduced into the cropping sequence to restore fibre and fertility to the land. We can't do anything about the soil that has already gone but we can prevent a recurrence by starting immediately to replace the fibre and fertility. The thing to do is to set aside a portion of the farm each year for the growing of grasses and legumes, and to protect the remainder of the farm by following cultural practices that will leave the trash on the surface. Information is available for the asking. Ideas on suitable rotations for your farm can be obtained from your District Agriculturist or from your Municipal Service Board Supervisor.

Viking Items

**Viking Juniors Trim Killam
Here on Sunday**

The local junior ball tossers out-classed Killam in a Sunday ball game at the local diamond. Behind the strong pitching arm of Barney Ross and the batting power of a few players, the locals managed a 13-2 win. The game was called in the seventh inning due to rain.

Coming Events
Badminton Club Dance in Community Hall, May 30.
Legion Dance in Community Hall, June 2.

Music for both these dances will be furnished by the new Viking "Western Swingsters."

Some 200 members of the Elks and their ladies from the lodges of Vermilion, Lloydminster, Vegreville, Mundare, Willingdon, Hairy Hill, Holden, Viking and Wainwright, will invade Vegreville on Wednesday, May 31, for the afternoon and evening sessions of the District No. 10 Convention.

Announcing U. of A. Feeders' Day

Saturday, June 3, is the date for the 29th annual Feeders' Day sponsored by the Dept. of Animal Science, University of Alberta.

The results of experiments conducted during the past twelve months will be discussed and presented in bulletin form. These experiments deal with a variety of topics such as the value of cobalt in sheep rations, Animal Protein Factor (vitamin B12) supplement for swine, carotene content of forage meals, swine rations in relation to carcass quality, and limited use of grain in finishing steers. A report of eight years' experience with calfhood vaccination in the University herds will be of special interest to cattle breeders. Other questions relating to disease control will be discussed. The University herds and flocks, including a number of new herd sires, will be available for inspection.

A cordial invitation is extended production to come at 10 a.m. and to all those interested in livestock spend the third of June at Feeders' Day, Livestock Pavilion, University Farm.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pop, Vin, Vign

When a child, boy, man or woman is underweight, it is a sign of poor health. The University of Alberta has a special program to help you gain weight. The program is called "Gain 5, 10, 15 lbs." It is a simple, practical program that will help you gain weight in a healthy way. The program is available at the University of Alberta, Edmonton, Alberta.

FUA To Assist Manitoba Farmers

Stricken farmers in the Manitoba flood area will be helped by their fellow farmers in Alberta as result of a campaign now under way under direction of the Farmers' Union of Alberta. Campaign will continue for an indefinite period of time throughout the province and will be handled in each locality by each of the 900 locals in the province. Carl J. Stimpfle, president of the FUA, stated.

The Farm Relief Fund for Manitoba farmers has been set up to assist the hundreds of farmers who will not be able to put in a crop this year owing to the floods. Mr. Stimpfle pointed out that these farmers, most of whom have lost their homes, property, livestock and grain, will not be able to put in a crop this year and must be supported for a period of from 16 to 18 months before the next crop is possible.

Every local in the province has been asked to organize the local campaign in their respective areas. Funds collected are to be turned over to the FUA head office who will relay the money to proper authorities in charge of flood relief and rehabilitation, with a request that the most needy farmers be attended to first.

The province-wide drive was actually inspired by the FUA locals at Morinville, Gwynne and Felsy Hill, which had set out on their own prior to the official announcement from head office. At the suggestion of Mr. Stimpfle the Saskatchewan Farmers' Union has launched a similar drive.

News Items From Kinsella and District

Visitors to Edmonton recently included Mr. D. Corbett, M.E. and Mrs. G. Paterson and Mr. and Mrs. C. Powell.

Miss A. Gregor of Saskatoon, Saskatchewan, is visiting her father who is working for the New West Construction Co. here.

On Saturday afternoon a wiener roast was held at the home of Mr. and Mrs. C. Tessman to celebrate the birthdays of Linda Hiesvold and Keith Tessman. Fifteen children were present.

Mrs. J. F. Murray is attending the Cancer Institute being held in Edmonton this week.

The monthly meeting of the W.I. will be held on Saturday, May 27 at 3 p.m.

Donation in memory of Miss Audrey Revill from Mrs. F. Green to the United Church Improvement fund.

WINS TRADITIONAL GOLD CANE RACE: The 10,000-ton Canadian Pacific cargo liner Beaver Cove won for her master, Capt. S. W. Keay, O.B.E., the traditional gold-headed cane awarded annually to the skipper of the first overseas vessel to enter the Port of Montreal at the beginning of the navigation season. Ice conditions in the St. Lawrence River, which caused ships to dock temporarily at Quebec City, helped make the race one of the tightest ever, with the Beaver Cove making the voyage in just ten hours and ten minutes. Inset shows Capt. Keay (right) receiving the gold-headed cane from A. Gordon Murphy, Montreal Port Master. This marked the second time that Capt. Keay had won the award, taking it first in 1945 aboard the freighter Gatineau Park while still on service with the Admiralty. For the ship's pilot, Andre Gauthier, it was the fourth time that he had been aboard the winning ship, each time a Canadian Pacific vessel.

Announcement

Kirkman & McLean

Wish to Announce that the Name of Their Store Has Been Changed to that of the

Irma Food Market

and will be Owned by the Partnership of R. B. Kirkman and L. E. Meier, Mr. Meier having purchased the share previously owned by Mrs. J. C. McLean.

Mr. Meier (Larry to all of his future friends) comes to the business well qualified to take over the Meat Department and the Locker Plant, having spent the last seven years in a locker plant and butcher shop. He originally hailed from Lusland, Saskatchewan, where he was employed by the Model Meat Market, operated by Sam Onerheim and previous to this he worked for his father on their farm and was livestock buyer for Swifts, so you can see that he has a very good background in meats, both live and retail. Immediately prior to coming to Irma, he was one of the three partners in the Wainwright Locker Plant, where he did all of the meat curing.

THE IRMA FOOD MARKET will now be able to offer a further service of Meat Curing to all of their Locker patrons, and the sale of home cured hams to their meat customers. Also, locker patrons will be able to bring in their live pigs, and the next time they handle these pigs will be out of their locker, if they so desire.

Our Meat Department will at all times offer to their customers a full line of meat and fish and if you don't see your favorite cut, please ask for it because meat is not a sideline it is our business.

The most up-to-date Grocery Department in Irma is also at your disposal anytime you are in our store. Serve yourself, counter service or telephone, we deliver.

Locals

The Rhythm Makers are sponsoring a benefit dance for Winnipeg Flood Relief in Kiefer's hall on Saturday, May 27 from 8 to 12 p.m. Your support will be appreciated.

Born to Mr. and Mrs. E. Fuder at the Wainwright hospital on May 16, a daughter.

Mr. and Mrs. Shapka and sons of Camrose were visitors with Mr. and Mrs. Steve Hlynka on Sunday last.

We are glad to hear that Mrs. Hines is continuing to improve since her recent operation and is expected back at Irma next week.

The Irma and district farmers and gardeners are rejoicing over the fine rains received early this week.

Ms. J. P. Reeves who has been a patient in the Mannville hospital is now convalescing with relatives at Irma.

Mrs. G. M. Holt and Charlie were visitors at Irma on Sunday last when they accompanied Mrs. Magrath who has come from Wainwright to visit here at the home of her daughter, Mrs. K. Coffin.

The names of Mr. and Mrs. H. G. Smith should be added to those donating to the Protestant Home for Children in memory of the late Mrs. F. S. White.

Mrs. H. C. Rodewoldt and Mrs. R. O. Larson have been substitute teachers for several days this week.

Work is in progress to improve the local sports grounds for the forthcoming season.

Flu, a particularly unwelcome guest these busy days, has been very prevalent for the last two or three weeks. Probably a "hang-over" from our long hard winter.

Mrs. C. Hockett is back at her home in Irma after spending the winter at Edmonton.

Don't forget the Irma Legion Sports Wednesday, June 14.

The Ladies Aid will hold a Handicraft and Antique display and Tea in Kiefer's Hall on Saturday, June 3 from 3 to 5:30 in the afternoon and 7:30 to 10 in the evening. Any ladies willing to contribute articles for display kindly leave with any member not later than Saturday morning, June 3. Your support will be very much appreciated in this effort.

The following have given donations to the Alberta Protestant Home for Children in memory of Mrs. E. R. Erickson: Mr. and Mrs. James Jackson; Mr. J. A. Hedley; Mr. and Mrs. A. C. Archibald; Mr. W. Masson and family.

The Bishop has announced his intention to ordain Mr. Leo Thurston to the Diaconate on Trinity Sunday, June 4 at 11 a.m. in All Saints' Cathedral, Mr. Thurston has completed his course at St. John's College, Winnipeg, in April. All our people will rejoice to hear this news, but especially those in Irma where his home is. Support Leo in your prayers as he prepares himself for ordination. He will begin his ministry at Ashmont.

News Concerning Master Farm Family Program

Nominations to the Master Farm Family Program are now being accepted, announced, Hon. D. A. Ure, Minister of Agriculture. The program last year was considered to have been a decided success. Five families were named as Master Farm Families in their respective regions, and the aggregate of entries was approximately 100. The prospect is for similar or greater interest this year.

Outlines of the program and nomination forms are now in the hands of the District Agriculturists and are available to the public through the offices of these officials. A farm family may be nominated for the Master Farm Family Award by three neighbors. The nominee must hold Canadian citizenship, be the owner-operator or lease-operator of a farm and have spent twenty or more years in farm operation. Partnership farms are not eligible, nor are those whose standing in the award program would be made possible by the receipt of revenue from sources other than farming.

Nominations for the Master Farm Family Program should be filed with District Agriculturists as soon as possible. The closing date for the acceptance of nominations is July first.

World of Wheat

By H. G. L. Strange
Director "Crop Testing Plan"

Spring at last has come to the prairies, but after a long hard winter.

Many farmers today can experience the thrill that comes from the feel of warming soil between their fingers. Farmers will soon be seeding, and while a great deal of exceedingly good seed, even some that grades rejected, will go into the ground, on the other hand larger quantities of Registered and Certified seed will be sown than ever before; indicating that an increasing number of farmers each year are becoming aware of the value of the best seed.

Seeding will be a few days late this year but considering the speed at which land is now seeded with modern machinery this is not of great consequence.

Alberta and Saskatchewan, however, suffer from a serious handicap. The subsoil reserve moisture in Alberta is only 61 per cent of normal and in Saskatchewan 73 per cent of normal. Manitoba has approximately normal reserves. This means that better than average rains must occur between seeding time and the end of July if an average or normal yield to the acre in Alberta and Saskatchewan is to be enjoyed. These better than average rains, however, sometimes in the past have occurred in years of low reserve moisture.

Proper Tillage Essential

The 1950 program of the Alberta Dept. of Agriculture's tillage field days and competitions has now been completed. Starting on May 12 in the Medicine Hat area, these demonstrations will be held at various centres throughout the province during May and June. The field days will provide a display of tillage equipment in common use in the area. Principles of correct hitching and adjustment will be shown together with improvements that can be attained by correct use of the implements. In districts where tillage competitions have been arranged, the ability and skill of those entering the contests will be in evidence in addition to the benefits derived from demonstration. C. A. Cheshire, Extension Agricultural Engineer for the Alberta Dept. of Agriculture, advises that in the course of all tillage competitions this year, spectators will be allowed on the field during operation of the machines so that all may benefit from the advice and remarks of the experts present.

Correct tillage is essential to sound farming practice. Every farmer in Alberta should try to attend one of these events during the course of the next two months. Full information about the time and place of tillage machinery field days and competitions in your area can be obtained from your District Agriculturist. Make enquiries now. These events are already under way.

NOTICE

The following buildings and furnaces are hereby offered for sale by the Wainwright School Division No. 32. Tenders will be considered at the regular meeting of the Board on Friday, June 2, which is the closing date of all tenders. All tenders will be subject to the Regulations of the Department of Education governing the sale of School buildings and equipment. Only written tenders will be considered. Please have your tender on hand by noon of June 2, 1950.
